

Starts New Group For Insurance

Lee Brodsky, former president and chairman of Bankers Insurance Service, has started the **Mortgage Banking Insurance Group** at JMB Insurance.

The new group, an independent insurance brokerage specializing in insurance for the mortgage banking community, offers the Mortgage Bankers Association-endorsed mortgage bankers bond and similar investor-required policies. It also offers other coverages geared for lending operations, including liability E&O, mortgage impairment and mortgagee's E&O, directors and officers liability insurance, employment practices liability insurance, state license bonds and general business owners insurance.

Brodsky had been at Bankers Insurance Service since 1975, working his way up from a bond underwriter to chairman of the board. He also published "The Rose Report," an insurance newsletter for mortgage lenders. Headquartered in Chicago, JMB Insurance is one of the top 100 insurance brokerages in the country.

Brodsky: (312) 915-2226.
